CHARGING AND REMISSIONS POLICY

The Governing Body of The Elton High School accept the following basic principles as underpinning the School's policy on charging and remissions:

- that charges made to parents must comply with the law
- that the School policy takes note of the Local Authority guidance in this area
- there should be an attempt to ensure that no student is disadvantaged through financial hardship
- that parents can be invited to make 'voluntary contributions' where appropriate
- there should be some discretion available to respond to individual circumstances
- parents and students should continue to work voluntarily to raise funds for both the School and specific charities
